

STERLING SURFACE MOUNT KIT INSTRUCTIONS

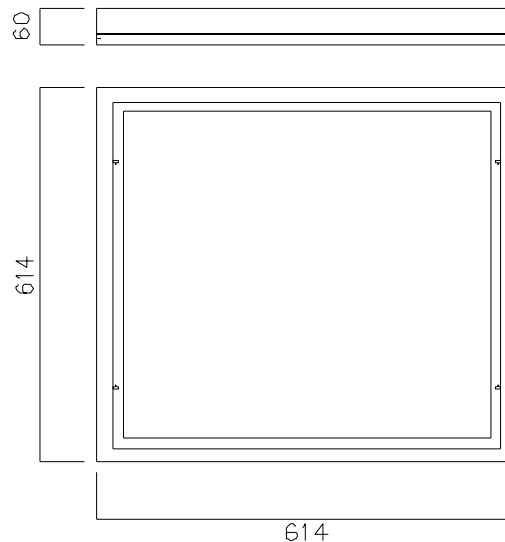

Issue 01 on 26th June 2019

THANK YOU for buying this product. To help ensure it gives complete satisfaction please install it according to these instructions and then pass the instructions to the appropriate person for retention and future reference.

These instructions are designed to be used alongside the instructions supplied with the main STERLING LED luminaire.

INSTALLATION SUPPORT If installation advice or accessories are required please also contact us at the above address. We will do our best to help. When reporting a suspected fault or seeking installation support the problem is likely to be resolved most quickly if you have full product details to-hand, as well as details of when and where it was purchased.

DIMENSIONS

INSTALLATION

1. Offer surface mount frame to chosen mounting surface & mark fixing hole points.
2. Prepare the fixing holes using a method suitable to support the weight of the surface mount frame c/w luminaire fitted.
3. Secure the frame to the mounting surface.
4. Provide the mains supply cable & install per instructions provided with the STERLING LED panel luminaire.
5. Remove the small L plate from one end by unscrewing the two small screws.
6. Install the panel by sliding into the aperture.
7. Refit & secure the L plate using the two screws.
